

## **Bradford Belief Statements:**

- We believe every student is unique and deserves the opportunity to achieve his/her potential and can achieve at high levels (academically and athletically).
- We believe education is the shared responsibility of the student, the parent or guardian, the school and the community.
- We believe that a quality, caring, and dedicated staff is crucial to student success.
- We believe children have first priority on all of our resources and should be the center of all of our decisions.
- We believe that updated technology and facilities are essential.
- We believe education includes (but is not limited to) social, emotional, academic, and athletic development.
- We believe that a clear vision needs to be communicated to create a shared focus for all engaged with Bradford Schools to encourage fruitful action.
- We believe in providing a safe environment for staff and students.
- We believe leadership and teamwork is a shared responsibility.
- We believe the home, community, business, and schools must actively work together to prepare our students to be productive and responsible citizens.
- We believe our students need to be prepared to compete in a global market.
