STUDENTS OF THE MONTH

Emmalena Hoelscher - Nominated by Mrs. Clark

My nomination for this month's Student Spotlight is Emmalena Hoelscher. Emmalena is receiving this award because she has made huge growth during the first half of the school year. She has strengthened her independent, academic, and coping skills a great deal. Emmalena is a great role model for her classmates. She completes her work in a timely manner, follows directions, and works hard. Emmalena continuously actively participates in large and small group discussions. She also is always willing to lend a helping hand. She is quick to learn from her mistakes in a positive way and similarly supports her peers in this manner. Emmalena is a pleasure to have in my class. Great Job Emmalena & Congratulations!

Attlee Murphy - Nominated by Mrs. Ridout

I would like to recognize Attlee Murphy from my Kindergarten classroom as this month's Student Spotlight. He is the son of Brock Murphy & Chyna Nicks. Attlee has an older sister Aya and a younger brother Arius. Attlee enjoys math, playing with his friends in the classroom, and watching videos on YouTube. Attlee came to my classroom and struggled to get his work complete but he has been showing amazing improvement. Attlee came to Kindergarten knowing most of his capital letters and some of his lowercase letters. He wanted to write everything using capital letters but he is now consistently using lowercase letters when appropriate. He is blending sounds into words when we are reading and writing. He is one of the first kids to sound out words when we are reading our decodable books. Attlee is a math whiz! He is able to figure out more complex math problems easily. He loves when Miss Sally gives him complex math equations during any spare time he may have. He can also count past 100 already. Attlee may still be working on minor behavior hurdles but he is beginning to overcome some of those things and strives to do his best. He loves to be challenged and is a joy to have in the classroom. These are the many reasons why I would like to recognize this amazing Bradford Kindergarten student, Attlee Murphy. Great Job Attlee & Congratulations!

Brynnleigh Snyder - Nominated by Mrs. Fry

The student I am choosing to recognize is Brynnleigh Snyder for this month's Student Spotlight. She is 6 years old and loves school! Her favorite color is purple and her favorite things to play with are babies. She loves to jump on the trampoline with her brothers. Brynnleigh's best friend is Kaylee in our class. Brynnleigh is always so bubbly and greets me with a smile on her face! I don't think she has a bad day! She is a hard worker and displays all the qualities of a PAX leader. She can read all the red words, identify all the letters and sounds we have learned so far and is working on early reading. She also does very well in math. I am extra proud of the effort she puts in each and everyday. She has made so much progress in the last year and I am excited to see her growth this year. Brynnleigh is a model student. She listens and participates during the school day. Not only that but she plays well with her peers at recess and helps them if they need help. She has taken in another student in our class who needs some help. She helps her with work or everyday activities. When we walk down the hallway I can always count on her being Bradford's Best! I truly enjoy having her in my classroom. Great Job Brynnleigh & Congratulations!

Dresden Puterbaugh - Nominated by Mr. Koverman

My nomination for this month's Student Spotlight is Dresden Puterbaugh. Throughout the 2 years I have had Dresden he has been a great leader in the classroom. He is always prepared daily and ready to tackle whatever challenges the day brings to him. He is responsible and treats other students with respect and is someone that takes great pride in his work. His hard work coincides with his academic success as well. Great Job Dresden & Congratulations!

Cali DiDonato - Nominated by Mrs. Walters

I chose Cali as this month's Student Spotlight. She is motivated and always finishes her work. She takes her learning into her own hands, making sure to do the best she possibly can. She will take charge in a group project to be sure it is successful and will always lend a helping hand. Along with her classroom learning, she is taking Edison classes, and is involved in sports and FFA. Great Job Cali & Congratulations!
