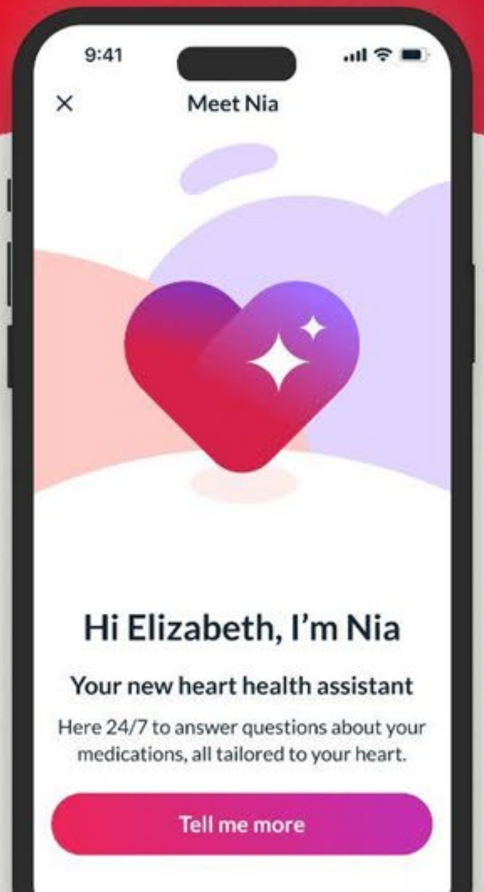
INTRODUCING

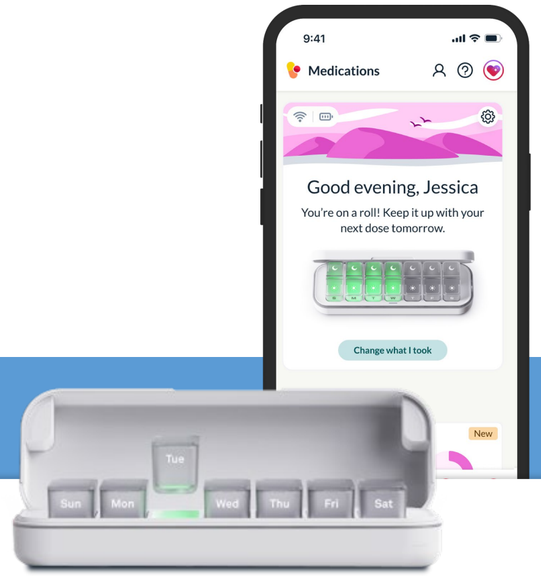
Hello Meds

A powerful new way to improve medication adherence



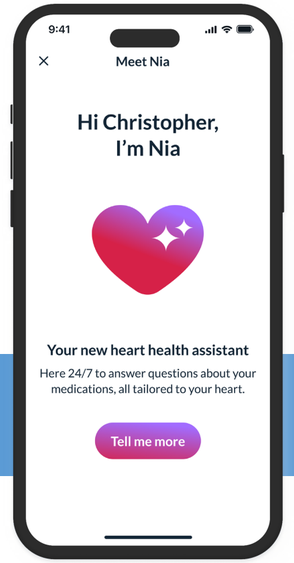
Lauren Chen
Clinical Pharmacist

Hello Meds is a new set of tools that improve medication use & outcomes



Connected Pill Box

Connected pill box & app help users stick to their meds, saving money on expensive medical visits later



Meet Nia - your AI heart health assistant

Digital companion for timely answers on medication, side effects, and interactions

Medication reviews by live pharmacists

Pharmacists review user medications, flag gaps or dose changes, and guide them to follow up with their doctors
