

Bradford

Exempted Village School District Board of Education Meeting

January 10, 2023

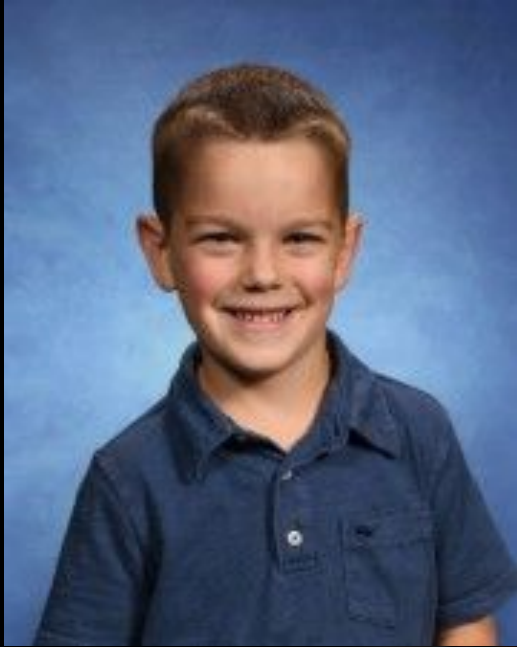

STUDENTS OF THE MONTH

Walter Espich

Nominated by Mrs. Ridout

I would like to recognize Walter Espich from my kindergarten classroom for this month's student spotlight. He is the son of Ryan and Bethany Espich. Walter enjoys playing board games and creating his own games as well. Walter came to kindergarten a little shy, but is now starting to come out of his shell a little more. He is communicating with the classmates and teachers more often. As a result, we are seeing a lot of Walter's fun personality coming out. Walter came into kindergarten already knowing how to read. He likes to read anything that I put in front of him. He has worked really hard on his handwriting since the beginning of school. It was a challenge for him but he has shown a great improvement in that area. Walter also does very well with mathematics. He is receiving some of his instruction with Mrs. Gehret, who is helping to push Walter with his math skills. Lately, Walter and Miss Sally have been writing questions to one another on their whiteboards and answering one another using writing. This is helping to not only improve his reading but his writing skills as well. I am really enjoying having Walter in my classroom this school year because he not only brings a wealth of knowledge in terms of vocabulary, but he also brings a lot of fun and laughter as well. These are the many reasons why I would like to recognize this amazing Bradford kindergarten student, Walter Espich. Great Job Walter & Congratulations!

Cooper Sink

Nominated by Mrs. Clark

Cooper Sink is receiving this student spotlight because he has made huge growth during the first half of the school year. He has strengthened his independent, academic, and social skills a great deal. Cooper is a great role model for his classmates. He completes his work in a timely manner, follows directions, and is leading our class in Dojo points. Lastly, Cooper works well in large and small groups. He is an active participant and is always willing to lend a helping hand. Cooper Sink is a pleasure to have in class. Great Job Cooper & Congratulations!

Emelia Minnich

Nominated by Mrs. Fry

The student I am choosing for the Spotlight Award is Emelia Minnich. Emelia is 6 years old and loves school! Her favorite color is purple and her favorite toys are LOL's and Barbies. She loves to play a Pokemon game on the Nintendo Switch with her brother. Emelia's best friend is Sunny in our class. Emelia is always so bubbly, each morning I look forward to her greeting! She always has a story to tell and a smile on her face. She is a hard worker and displays all the qualities of a PAX leader. She can read all the red words, identify all the letters and sounds we have learned so far and is working on early reading! She also does very well in math. I am extra proud of the effort she puts in each and every day. Emelia is a model student, she listens and participates during the school day. Not only that but she plays well with her peers at recess and helps them if they need help. When we walk down the hallway I can always count on her being Bradford's best! I truly enjoy having her in my classroom! Way to go Emelia, keep up the good work!

Aliyah Biddlestone

Nominated by Mr. Koverman

My nominee for student spotlight is Aliyah Biddlestone. Aliyah since my first day at Bradford has been a student that I can rely on to be prepared and be engaged with the content in my class. In my 8th grade American History class she has received an A in both of the first two quarters. Aliyah comes prepared everyday and never complains about anything we are doing. Every time I ask a content related question she is smiling, raising her hand wanting to answer the question, which makes me excited as a teacher. Great Job Aliyah & Congratulations!

Kaylin Richard

Nominated by Mrs. Bolin

I would like to recognize sophomore Kaylin Richard as Bradford's Student Spotlight. Kaylin is the daughter of Matt Richard and Alisha Pleiman. She has two siblings, Logan and Natalie. In her free time, she enjoys playing volleyball. She also takes joy in reading and spending time with friends. She has a passion for learning and participating in interesting class projects. She is an excellent student who is always helping others and has a strong work ethic. She has taken an interest in Pre-Calculus this year, which is her favorite class. In the future, Kaylin would like to become a Speech Language Pathologist, where she can continue to help others. Great Job Kaylin & Congratulations!
