100 DAYS OF SCHOOL

Kindergarten and First grade had fun with 100 day activities. Kindergarten students brought in 100 items, had 100 snacks, and drew what they thought they would look like at 100 years old. First grade worked on 100-piece puzzles, wrote what they would do on their 100th birthday, estimated what they could do in 100 seconds, read a 100 day book, and their favorite...can you get to the center of a tootsie roll pop in 100 licks?

BLT (WEDNESDAY, FEBRUARY 8)

The staff discussed ideas on how to increase student achievement and better prepare students for state assessments.

I plan to meet with Mr. Miller soon to go over ideas and develop a plan.

SPIRIT WEEK
