

Bradford

Exempted Village School District Board of Education Meeting

April 18, 2023

STUDENTS OF THE MONTH

Kayla Clark - Nominated by Mrs. Angle

I nominate Kayla Clark for this month's Student Spotlight because she is an adorable joy in the classroom. She is always happy, has smiles for miles, and gives great effort no matter the task. Kayla works very hard to understand things that are new and she does a great job applying what she already knows. Her best trait, however, is her caring personality. She rarely has disagreements with others and she is very helpful when someone needs extra assistance, whether it's emotional support or academic. She is able to reword the task into easily understandable terms for other students. Other students grab Kayla as a partner because she works hard, but still has fun. Kayla spends a lot of time playing basketball in the winter and tending to her animals on the farm. She raises chickens and readily shares her eggs with me! She also has cats and is trying her hand at fish, although she almost had to give one CPR. Kayla is a great asset to Bradford. She truly is one of the finest! Great job Kayla & Congratulations!

Colby Hansen - Nominated by Mr. Schwieterman

I am pleased to present Mr. Colby Hansen as my student to be recognized this month by the Board of Education. Colby is a true representation of what it means to be a true Railroader. His hard work and ability to get along with anyone enables Colby to be counted on by his teachers in whatever circumstances arise. Colby is a kind and caring young man that makes any room better when he walks in. Colby is a rockstar and there is no telling the amazing things he will accomplish in his time here at Bradford and beyond. For all of these reasons and so many more, I am honored to present Colby Hansen as this month's Student Spotlight. Great job Colby & Congratulations!

Alexis Brogan - Nominated by Mr. Snyder

I'd like to have Alexis Brogan recognized as my student to be recognized this month by the Board of Education. Alexis is a great asset and representative of Bradford Schools, and the ideal high school student. She is always kind, responsible, and respectful. I have observed Alexis doing the right thing when no one is looking, having very admirable integrity. She is a quiet leader in our District, and always comes in with a positive attitude. Alexis is a joy to be around and pleasure to have in class. Great Job Alexis & Congratulations!

Bailey Smith - Nominated by Mrs. Sara Timmerman

I am nominating Bailey Smith for Bradford's Board of Education Spotlight. Bailey is a 7th grade student and is the daughter of Afton Reed. I have had the privilege of having Bailey in class for the past two years. Last year, Bailey struggled with all of her academic classes and was very quiet. However this year, Bailey has improved tremendously academically. Bailey is passing her classes, and she is participating in class by answering questions, taking notes, and turning in her assignments. Her work ethic has blossomed! Bailey has opened up and has shown her true personality. I really enjoy my time with her in class, and look forward to continuing to see her grow both academically and socially. Great Job Bailey and Congratulations!
